

! AN URGENT MESSAGE FROM ZANE BUZBY !

Dear friends and generous supporters of The Survivor Mitzvah Project,

With your help we have brought aid to hundreds and hundreds of elderly Holocaust survivors in Eastern Europe and have expanded our reach to hundreds more in seven countries.

I am writing to you because you are a miracle worker and the elderly survivors in Eastern Europe need a miracle. Now. This is a call to action.

We have a serious and urgent challenge: to bring immediate emergency aid to our Holocaust survivors who are in their 80s and 90s. The world economic crisis is impacting their lives to a crushing degree. Costs for food and medicines continue to skyrocket at alarming rates. The cost of heating fuel for the winter months is more than their income for the entire year! They ask us, "How will we survive?"

In this post-Madoff world with funding for humanitarian efforts cut back and cut off, there is no emergency aid coming their way from governments and/or large charities. For the last survivors of The Shoah, The Survivor Mitzvah Project is their only lifeline.

And we are mobilizing to help them. I am personally going to Ukraine to distribute the emergency funds we raise, but I need your help.

Please make a special contribution at this time – and save lives.

I truly believe that at this moment we have a great opportunity to help and a great responsibility to end so much suffering for so many.

Unlike 1939 when the world turned its back on these people, now, in 2009 we can act, and actually do something about the Holocaust.

Seventy years after the start of the war, in honor of the 6 million who perished, we must help those that survived. It's time.
